"The Coin Machines Merry-Go-Round"

NO MINORS ALLOWED

By Bill Gersh

With the excitement of V-J Day still rankling, with various Government agencies continuing to make important announcements, with all business men looking forward to new products, a great many may have passed by the report of FBI Chief Hoover, published during the first announcements of the Jap surrender.

In his report, Hoover stated that there was a major crime being committed by juveniles every 22 seconds thruout the U. S. He feared that a very large percentage of these juvenile delinquents would eventually become hardened adult criminals. In addition, with the possibility of more crime resulting, as it usually does after every war, this would severely tax every law enforcement agency in the nation.

To escape from the stigma, of in any fashion whatsoever helping to foster juvenile delinquency, this industry, as it always has in the past, should work with the authorities to help prevent its further growth and development.

The trade has always made it a practise to inform its locations that minors are not allowed to play some of the amusement devices. This should be even more impressed upon the storekeeper's mind at this time. It should become the duty of every operator in the country to cover his locations, and his equipment, with the sign, "No Minors Allowed".

Every location owner should be notified of the law regarding allowing a minor to play certain instruments. This should be pounded home to the storekeeper stronger than ever. It may save many heartaches and headaches in the future.

One large Southern city is closed today because its coinmen became negligent about minors being allowed to play their equipment. These men were suddenly made the butt of a juvenile delinquency drive. And tho they proved that their machines did not foster juvenile delinquency, the drive had gained so much momentum by that time that they were forced to remove equipment from locations.

Possibly the greatest exponent of keeping storekeepers in line, as far as minors playing machines are concerned, is the AOLAC (Associated Operators of Los Angeles County). Here Samuel (Curley) Robinson has continued to conduct an ever reminding and vigorous campaign to acquaint every location owner with the penalties involved for allowing minors to play certain amusement machines.

He has furnished the members of his organization with framed signs of many kinds. Some of these completely reprint the penalties involved. Other simply read, "No Minors Allowed" and refer to certain sections of the law regarding minors. This work on the part of "Curley" Robinson and the AOLAC has won good comment from many leaders thruout the industry.

Now, with the possibility of the juvenile crime wave growing to extreme proportions, it is up to all good citizens to help to curb it at its source. In this way coinmen would protect themselves and their equipment from the crusades of those who would like to hang upon them the stigma of "aiding and abetting in the creation of juvenile delinquents". (This quotation actually comes from the speech of a politician in one city referring to coin games.)

Some coinmen have relaxed their efforts, tho they were formerly leaders in this drive, to prevent minors from playing games. These men must now intensify their efforts. They must see to it that minors stay away from certain machines. In this fashion the law enforcement committees, which are arising everywhere in the nation due to Hoover's report, will give them a clean bill of health.

"The Coin Machines Merry-Go-Round"

Without a "Public Relations Bureau" to protect them, in the event some coinmen feel the lash of the fanatics who are always first to take advantage of such situations, as well as have such a bureau hold off the press or politicos who may use this as an opportunity to jump down the throats of coinmen, and have such a bureau explain that this industry, in no fashion whatsoever tends to help create, or even cause to be created, juvenile delinquency, each and every member of the trade must now work harder than ever to protect himself.

The juke box men are in a favored position in this instance. The youth clubs created by local community organizations all feature juke boxes. These have been found to be sufficiently entertaining to attract and hold the average youth so that he does not care to roam the streets. And it must be further stated, to the credit of the juke box men, many have gone far out of their way to help in the creation of such clubs in their communities. In many cases, music operators have donated juke boxes to these community youth gathering spots.

The average father in this industry knows and fears juvenile delinquency. Being a good business man, he also knows that it not only affects him and his business, but affects the future of the entire trade, unless it is rapidly curbed at its source. Those men who have helped win respect for this field in their communities are also the men who have worked hard to keep juveniles away from certain types of equipment.

It is up to the average coinman today to work hard to prevent the stigma of juvenile delinquency blackening his personal record or that of his equipment. He can do this with a vigorous and consistent campaign. He can have printed the local laws for the storekeeper and the minor to read. And post these near his equipment. At the same time he can also have stickers printed and pasted on each and everyone of his machines with the phrase, "No Minors Allowed."

In addition, he can advise his location owners, preferably by letter, so that he retains a record of this fact, that it is up to them to work with him to prevent minors from playing certain equipment. He can further explain to his location owners that juvenile delinquency is on the increase and that by working together they can help curb it.

The arguments here are not intended, in any fashion whatsoever, from having coinmen halt the youth of the country from playing amusement machines. But there are certain types of machines which coinmen themselves don't want their own children playing. These are the machines which they certainly don't want their neighbor's children to be found playing by any law enforcement officer.

Coin machines have definitely helped in the campaign to prevent the spread of juvenile delinquency by keeping youth off the streets. The average arcade, which is completely and carefully supervised, is certainly a better place for a youngster to spend his time than hanging around some street corner.

The same can be stated for the corner ice cream parlor, where youth meets and perhaps invests a nickel or two in a coin machine. But, the trouble is that there are the sort of people in this world who like to make capital of such situations. These are the people from which this industry must protect itself.

In short, the men in this trade must actually lean backwards tho they know in their hearts and souls that, in most instances, they are doing youth much more good by holding it together in one supervised location, than allowing it to hang around street corners.

Here is a great need for a "Public Relations Bureau." The Cash Box has urged, and continues to urge this industry, that such a bureau be created. Here is the type of work for which such a bureau should be specifically formed. Quick work now would help to prevent trouble in the future.

A "Public Relations Bureau" would would act as the "ounce of prevention" now — while it could act. It would be able to explain to any bluenose or publicity seeking politico (as difficult as this might prove) that this industry was doing a tremendous amount of good in helping to prevent juvenile delinquency.

Because the members of this business are rugged individualists, it is difficult to get them together into a move of this kind without many years of great and untiring effort. Eventually, such a bureau will come into existence in this industry. But it will only come into existence after much heartache and much monies have been spent doing small, individual jobs, which a well organized "Public Relations Bureau" could have prevented long before the heartaches occurred and the money was spent.

This industry should now intensify its efforts and arrange a program which would convince the nation that no juvenile delinquency results from youth entertaining itself with amusements machines or other equipment of this trade.

"No Minors Allowed" signs should be placed everywhere. They should be replaced where operators have forgotten about them. Laws and penalties in regards to minors should be prominently posted. Location owners should be strongly reminded of the fact that the members of this industry are anxious to curb the growth of juvenile delinquency.

And the best way to judge what machines could be regarded as helping in the creation of juvenile delinquency (at least in the minds of blue-noses and politicos) would be for fathers, who are members of this trade, to stop and consider what machines they would not want their own children to play.

$ $ $ TAXES $ $ $

All look to the balance of this year and especially to 1946 to eliminate a great many war emergency taxes, which were placed upon business and the public generally, by the necessity to pay for the greatest war bill in the history of the world.

Many coinmen are of the belief that because of this they will not find states or cities hounding them in an attempt to increase their license fees. This may, tho rather doubtfully so, prove to be the fact during the coming Fall and Winter of '45 and perhaps even the early part of '46.

But with more and more people losing their jobs (over 7,000,000 expected to be out of work by Xmas) there will surely come a demand for public works projects which will once again bring back the tax bug. He will, as usual, demand increased license fees for the equipment of this industry.

There is already a demand, and it is more or less assured of getting thru, that personal income taxation be cut. Some propose an out and out 10% reduction. Others propose a gradual reduction starting with about 3% and going down as the need grows less. But, whatever form it takes, there is no doubt that before the year is finished Congress will have cut down on personal income taxation.

The excess profits tax is sure to be cut off entirely as well as a great many of the luxury taxes. These luxury taxes never did work out anyway. So cutting them off means very little to the Treasury Dept. But cutting these taxes off will help business all over the nation. It will act as an incentive to many to enter into new fields of business endeavor.

The problem that will now come into being for this trade will be whether, with so many millions of people out of work temporarily while manufacturers reconvert back to peacetime production, this may act as the wedge some politicians will use to bring about higher license fees and perhaps also demand a percentage of the take.

It is well known in the trade that this past year many legislators proposed that not only license fees be increased on the equipment of this industry but that a percentage of the collections also be obtained. Some of these bills, tho shelved for the time being, may pop into the light again this Fall of '45.

This industry is therefore in a peculiar position. Tho taxation seems sure of being cut down by Congress in its coming Fall session, there is a great possibility that higher coin machine license taxation, and perhaps an additional percentage taxation of the gross receipts from coin machines, can come into effect.

To prevent this there is needed a "National Tax Council" which The Cash Box has proposed come into being in this trade, time and time again. There simply must be created some central source where all tax matters, all data relative to coin machine taxation, as well as tax experts can be gathered together to benefit each and every coin machine man. Such a "National Tax Council" would be of incalculable worth to the industry.

Just a week or so ago one coinman from Wyoming frantically called for help. He advised that his community, a city of only 2500 people, was demanding a very high tax on coin machines. There was no one place where he could obtain complete information to combat this measure.

It is well, then, to remember that tho general taxes will probably be decreased by Congress this Fall, and perhaps by many states, too, the fact remains that coin machine taxation may continue on just as harsh, and perhaps even harsher, than at the present moment.

It will be to the advantage of the industry to carefully study this matter in the ensuing weeks. It should somehow arrange to protect itself should taxation take a turn against it, because of the monies that will be needed by states and cities for public works projects, as more and more people continue to lose their jobs.

There must come into being a "National Tax Council" for this industry. This has grown to such importance, that unless such a council is soon made part of this business, few will understand the ramifications of the many and varied taxes that will be imposed upon the men in this business.

Each day these taxes grow more and more intricate. Almost every day coinmen write or wire asking for some sort of method, as well as complete data, with which to combat them. And there continues to be no source where information can be gathered.

The average coinman who has won against an inequitable tax attempt is more than willing to give complete information on how he achieved this victory. But he doesn't know where to send such information. Yet he knows that it will benefit many others in the trade who may at sometime fall into a similar situation.

A "National Tax Council" grows ever more important. It should be created NOW.

"TALKING OUT LOUD"

COINMEN JAM FACTORIES

Flock to Chi. to talk with Mfrs. on New Equipment. Leaders Ask Trade Await Official Announcements.

CHICAGO — Factories here are being visited by coinmen from all over the nation. This has been taking up time of manufacturers here from preparing for their new products.

Many manufacturers have asked that coinmen await official announcements and that they will be notified thru the trade's press regarding when new equipment will be ready.

"There is no need", one manufacturer stated, "for coinmen to come rushing to the factories here. We are hard at work at this time trying our best to get ready with new machines. Naturally, we are just as anxious as are any operators, jobbers and distributors to get our new equipment to the market.

"But, by rushing into our factory and taking up the time of our men who should be working to complete plans for the announcement and introduction of our new equipment, coinmen are simply delaying the time when we shall be able to give them the new products we have under advisement.

"We believe that it is up to the trade papers to advise coinmen to relax and take it easy. As soon as we are ready, we shall make official announcement of what we have and will call in distributors with whom we want to discuss territories. At the same time, jobbers and operators will know when we expect to start delivering our new machine."

It is well known thruout the trade that for the past two weeks the factories in Chicago have been literally jammed with callers. These men have been rushing to Chicago's coin machine factories in the belief that new machines are already on production lines and that it is just a question of a week or two before they will appear on the market.

The manufacturers realize that the average distributor and jobber is eager to know where he stands in the wholesaling picture. But rushing the factories at this time, as certain manufacturers have stated, is simply holding up their men from completing plans which they have already prepared.

EXPECT 20% PRICE INCREASE ON NEW MACHINES

CHICAGO—Coinmen here report that from information which they have gathered, they expect that the new machines will probably be 20 percent higher than pre-war.

This, they claim, will go all down the line from peanut venders to the new model phonographs.

They claim that the Office of Price Administration in Washington will grant such an increase to all the coin machine manufacturers to take care of higher costs of materials and labor.

This is in keeping with price increases which have already been granted to certain manufactories in durable goods lines. In some cases dealers have been asked to absorb these higher costs and keep prices to consumers at '42 levels.

GREENBAUM GETS MUSIC TRADES' OPINION

Climaxes Nationwide Trip With Showing at Waldorf-Astoria Asks Music Men to Choose Cabinets and Features

R. R. (Rudy) GREENBAUM

NEW YORK—Climaxing a nationwide display with a showing at the Hotel Waldorf-Astoria in this city this past week, R. R. (Rudy) Greenbaum of Kansas City, Kans., gave music coinmen here the opportunity to vote for five cabinet designs they most desired to see for post-war.

The showing was by invitation and to a limited number of music machine operators, jobbers and distributors. In addition, Greenbaum stated, people were called up from the lobby of the hotel, picked at random by the firm, and were also asked to choose among the 32 designs which were featured in a large display room. Location owners were also invited to attend and to vote for the type cabinet they would like to have in their places of business.

Members of the trade who attended the showing were very enthusiastic over the display. One Canadian coinman stated, "This is the first time I can recall when a music machine manufacturer allowed the operators and distributors to decide on what type machine they would like to buy. I believe that this is a great advancement. It definitely proves that the trade is advancing with greater rapidity than many imagined it ever would. This is really post-war."

Along with Greenbaum to help handle the display were, Ben Palastrant, Fred Mann, Murray Dutkin, Roy Culp, Bill Roberts and others who have traveled with him and set up these displays in Chicago, Los Angeles, San Francisco and other centers thruout the nation.

Greenbaum, before leaving, stated, "In about a month we shall make known the result of the voting which occurred and we believe that this will prove of great interest to all who attended.'

WHOLESALERS PREPARING FOR SPEED SALES ACTION

Clearing Decks, Renovating, Covering Territories, Meeting with Ops.

NEW YORK—The nation's wholesalers are preparing to get into speedier sales action than ever before in the history of this industry.

The average wholesaler reports that he is completely renovating his quarters, clearing his showrooms and has already sent salesmen on the road to meet with coinmen.

Belief among leading distributors and jobbers is that by the first of the new year they will be ready to talk business with the coinmen in their territories.

These men claim that with all restrictions off and with manufacturers being urged to get their new equipment on production lines that the coin machine factories will be ready to start delivering early in 1946.

Some distributors are adamant in their belief that they will have samples before December '45 is over. "These will be followed by regular shipments," they state.

"In the meantime," one distrib states, "we are continuing to sell and buy used machines and believe that either way, whether or not new machines are ready by early 1946 for quantity shipments, we may as well prepare ourselves for the new business that is on the way."

MUSIC OP TEACHES ATOM BOMB MAKERS TO PLAY JUKES

KNOXVILLE, TENN.—In a letter to the Rock-Ola Manufacturing Corp of Chicago, Bess D. Dollard of Standard Products Co., this city, writes, "Since Oak Ridge, Tenn. is playing such an important part in today's news, we thought you might be interested in seeing the picture showing a Rockola Commando in use. This is in one of their many Recreation Halls, all of which also have Rockola phonographs. (Picture was enclosed with this letter.)

"We set two Supers in the first cafeteria built on the area two days after it was opened and have continued to place more and more as fast as locations were built. We have used only Rockola equipment.

"Being in this construction area, where all classes of people have been gathered (and believe it or not, some have never seen a juke box and had to be shown how to play one) the machines have been subjected to a great deal of abuse.

"We really needed steel cases to protect them and in several places did build heavy wooden ones around them. Locks were broken, even padlocks, backs removed, wires cut, various parts taken out, records and trays stolen, plugs cut, plastics broken and all kinds of slugs used.

"It has been a great experience and we are proud to have been able to satisfy all the Government requirements necessary to operate in such a secret area. We have seen Oak Ridge built, in fact, pioneered with it. For six months we had a service man living there for it was the only way we could keep the machines in operation. Even now we have a man there every day."

The rest of the letter is also extremely interesting. The above in regard to the center where the atom bombs were built will probably thrill many music coinmen. It is certainly of interest to note that Miss Dollard actually had to teach some of the workers how to play juke boxes.

And note what vandalism resulted, to the point where the firm found it necessary to keep a serviceman right on the grounds to protect their equipment and keep it in operation. Government recognition of juke boxes for the people of Oak Ridge should also please coinmen.

Miss Dollard finishes her letter with the following, "It has been tough, and at times most discouraging. We still have many problems and considerable destruction. But now there is less construction and a higher type of personnel. We hope that we will have fewer difficulties."

LA GUARDIA WARNS AGAINST SLOTS

NEW YORK—Mayor F. H. La Guardia of this city in his regular weekly radio talk (Sunday, Aug. 26) forcefully stated that he was getting rid of every type of gambling.

He said, "Many letters indicate that some people are not watching the calendar. It is still August, not January, and I'll be here until the end of the year.

"You home-breakers and judge-makers don't be placing orders in Chicago for slot machines. And don't think that after January you are not going to be watched.

"The people of this city will never again stand for slot machines in the corner cigar or drug store."

THRU THE COIN CHUTE

TAKE IT EASY!

MFRS FACE BIG SUPPLY PROBLEMS. CAN'T GIVE DATES FOR SHIPMENTS OF NEW MACHINES YET. MEETING ON SEPT. 6 MAY BRING OFFICIAL NEWS.

CHICAGO - With more and still more coinmen from all over the nation rushing into this city to visit with the manufacturers and attempt to ascertain the approximate dates when the new machines will be shipped, the entire trade continues jittery and market conditions prevailing at this time reflect the same attitude.

The present lull, so noticeable thruout the market, is occasioned by the belief that the new machines may start appearing on the scene almost any minute. And this belief persists regardless of the fact that no official announcements of any kind from any of the manufacturers have as yet been publicly made to warrant such belief.

The manufacturers are working harder than ever before in an attempt to get their reconversion problems completed and out of the way and see shipments of their new equipment going forward, as the trade desires. Once shipments are started, it is generally believed, the present merchandising lull is expected to come to a very rapid halt.

Certainly no manufacturer wants to hold back production. As the days pass, without any machines coming off his production line, expenses continue on and, in fact, get greater every minute. But he cannot overcome the supplies problem he is faced with in just a week or two. He must be given time - as other industries are being given time by their dealers.

With the fact that lumber is still tight and will only be completely released on September 30, and the further fact that coin machines use large quantities of lumber, this one problem alone is holding back any real production.

Other problems, just as great, are also facing the manufacturer. He is trying with all might and main and skill to get the market situation righted so that his friends - operators, jobbers and distributors alike - will face little lost time.

The meeting of the coin machine manufacturers called in the Grey Room at the Hotel Sherman on September 6 is expected to bring the question of official announcements regarding shipment dates to the fore. Perhaps official announcements will be made by the manufacturers, either as a group or individually, after this meet.

Coinmen are urged to continue on with their present business dealings just as if no reconversion problem was under way for the manufacturers. Surely, John Q. Public does not care whether the machine into which he inserts his coin was manufactured in 1935 or 1945. He still gets the same thrill.

Rushing to Chicago at this time is simply delaying many manufacturers from completing the work which confronts them to get into production. Holding manufacturers in conversations for hours at a stretch withholds production efforts. This is the time for the trade to remain calm, cool and collected. TAKE IT EASY!!!

THRU THE COIN CHUTE

WURLITZER TO MAKE BEVERAGE VENDER

WILL EXPAND PRESENT SPACE BY QUARTER MILLION FEET

NORTH TONAWANDA, N.Y. - Carl E. Johnson, Vice President and General Manager of The Rudolph Wurlitzer Company, reported that production space at the Wurlitzer plant in this city will be expanded next fall, "more than a quarter million square feet" and new production items added. Mr. Johnson also stated, "Expansion will in no way affect the speed of reconversion."

Re-employment of all workers due to the termination of the firm's war contracts will begin within the next thirty days and employment is expected to increase gradually during the following twelve months to approximately 1,000 more workers than the average pre-war figure.

Mr. Johnson also reported, "Whereas our pre-war production was devoted exclusively to the manufacture of coin operated phonographs and auxiliary equipment, the future activities of this division will include manufacture and distribution of our new electronic organ and a complete line of soft drink vending machines."

This is the first time Wurlitzer have publicly announced that they will produce a beverage dispensing machine.

WANTS MFR FOR AUTOMATIC DART BOARD

FT. LAUDERDALE, FLA. - Leon E. Moss, service man for the Dixie Music Co., this city, reports that he has patented a game called, "Skill Dart". He writes, "I have patented a game called 'Skill Dart', which is a coin operated electrical dart board, which registers the scores of the players similar to a pinball machine when the darts are thrown at the moving targets."

Mr. Moss would like to have one of the manufacturers produce his game for him in volume. In former years, as is known in the trade, there was a demand for dart boards from tavern owners and other locations. Mr. Moss also reports, "I can assure you that this game is real precision workmanship and a good quality construction."

ATTY. MOHR GETS FAVORABLE TREAS RULINC

LOS ANGELES, CALIF. - Arthur Mohr, attorney for the A.O.L.A.C. (Associated Operators of Los Angeles Co., Inc.)received a favorable ruling from D.S.Bliss, Deputy Commissioner of Internal Revenue, Treasury Department, Washington, D.C., on whether a gaming machine featuring more than one coin chute, yet operated by only one lever or handle, should pay more than the $100 gaming device tax.

Mr. Mohr advised Deputy Commissioner Bliss that Internal Revenue Department agents in San Francisco were holding that more than one Federal gaming device tax was required where there was more than one coin chute on a gaming machine.

Mr. Mohr wrote, "I have never understood the intention of the Act to be in accordance with such an interpretation and I would appreciate receiving a ruling from your office in this respect, as I feel my clients are being compelled to pay taxes on the coin chutes rather than on the machine, which is contrary to the wording of the section relating to such matters."

Deputy Commissioner Bliss answered Mr. Mohr, "Reference is made to your letter of June 28, 1945, regarding a ruling on a coin operated gaming machine incorporating but one mechanism and operated with one handle although it has multiple coin chutes. You state you have been advised that agents from the San Francisco office are holding that $100 tax is required for each coin chute.

"A coin operated gaming device, such as described, operated by only one lever or one handle is considered one gaming device within the meaning of the law."

SEALED CASH BOXES AND METERS

MERRICK, N.Y. - Earle C. Backe of National Novelty Co., this city, reports that it is his belief all of the post-war music machines should feature sealed cash boxes and meters which will print the total. Backe writes, "I firmly believe that music machines should be operated with sealed cash boxes and meters which print the total. In this manner the dumping of money on the bar could be eliminated and a considerable saving would accrue to the operator. Both the sealed cash boxes and the printing meters should be standard equipment for all manufacturers."

MILLS SALES DISTRIB FOR 2 NEW ITEMS

OAKLAND, CALIF. - Warren H. Taylor of Mills Sales Company, Ltd., this city, reports that the firm have started into post-war sales and distribution with two new items. One is the new "Batter Up" and the other the "Pre-Flight Trainer".

Mr. Taylor writes, "In line with our policy of offering the latest and most remunerative equipment we have recently taken on the distribution for 'Batter Up' for the states of California, Oregon, Washington and Nevada. The first installation of these machines was made by Mr. Johannsen in Santa Monica, Cal. The demand for these is far exceeding our expectations.

"We have also added exclusive distributorship of the 'Pre-Flight Trainer' for the states of Washington, Oregon, California, Nevada and Arizona for the entire amusement field which covers arcades, carnivals, parks, air ride stores, amusement centers, playgrounds and all places where an individual fee is charged for each ride. This 'Pre-Flight Trainer' has been used by the Air Forces during the war in ground training schools for air pilots. We believe that it is something entirely new and unique in our business, offering not only education, but also amusement."

OPA GIVES SMALL MFRS PRICE HELP

WASHINGTON - Liberal price incentives, denied to larger concerns as a result of OPA's generally tight pricing policies, will be offered to new, smaller manufacturers as an inducement for their establishment.

Under this policy, new manufacturers who expect that their sales in the next six months will be less than $100,000 can actually write their own ticket, insofar as price ceilings are concerned, under OPA's new order applying to small concerns.

Order No. 4332 under MPR 188, effective Sept. 5, also applying to small manufacturers who started civilian operations under WPB's "Spot Authorization Plan" as of Sept. 1, 1944, permits eligible manufacturers to use either cost-plus pricing in determining their own maximum prices, or a comparability method, with the manufacturer making his own comparability determination.

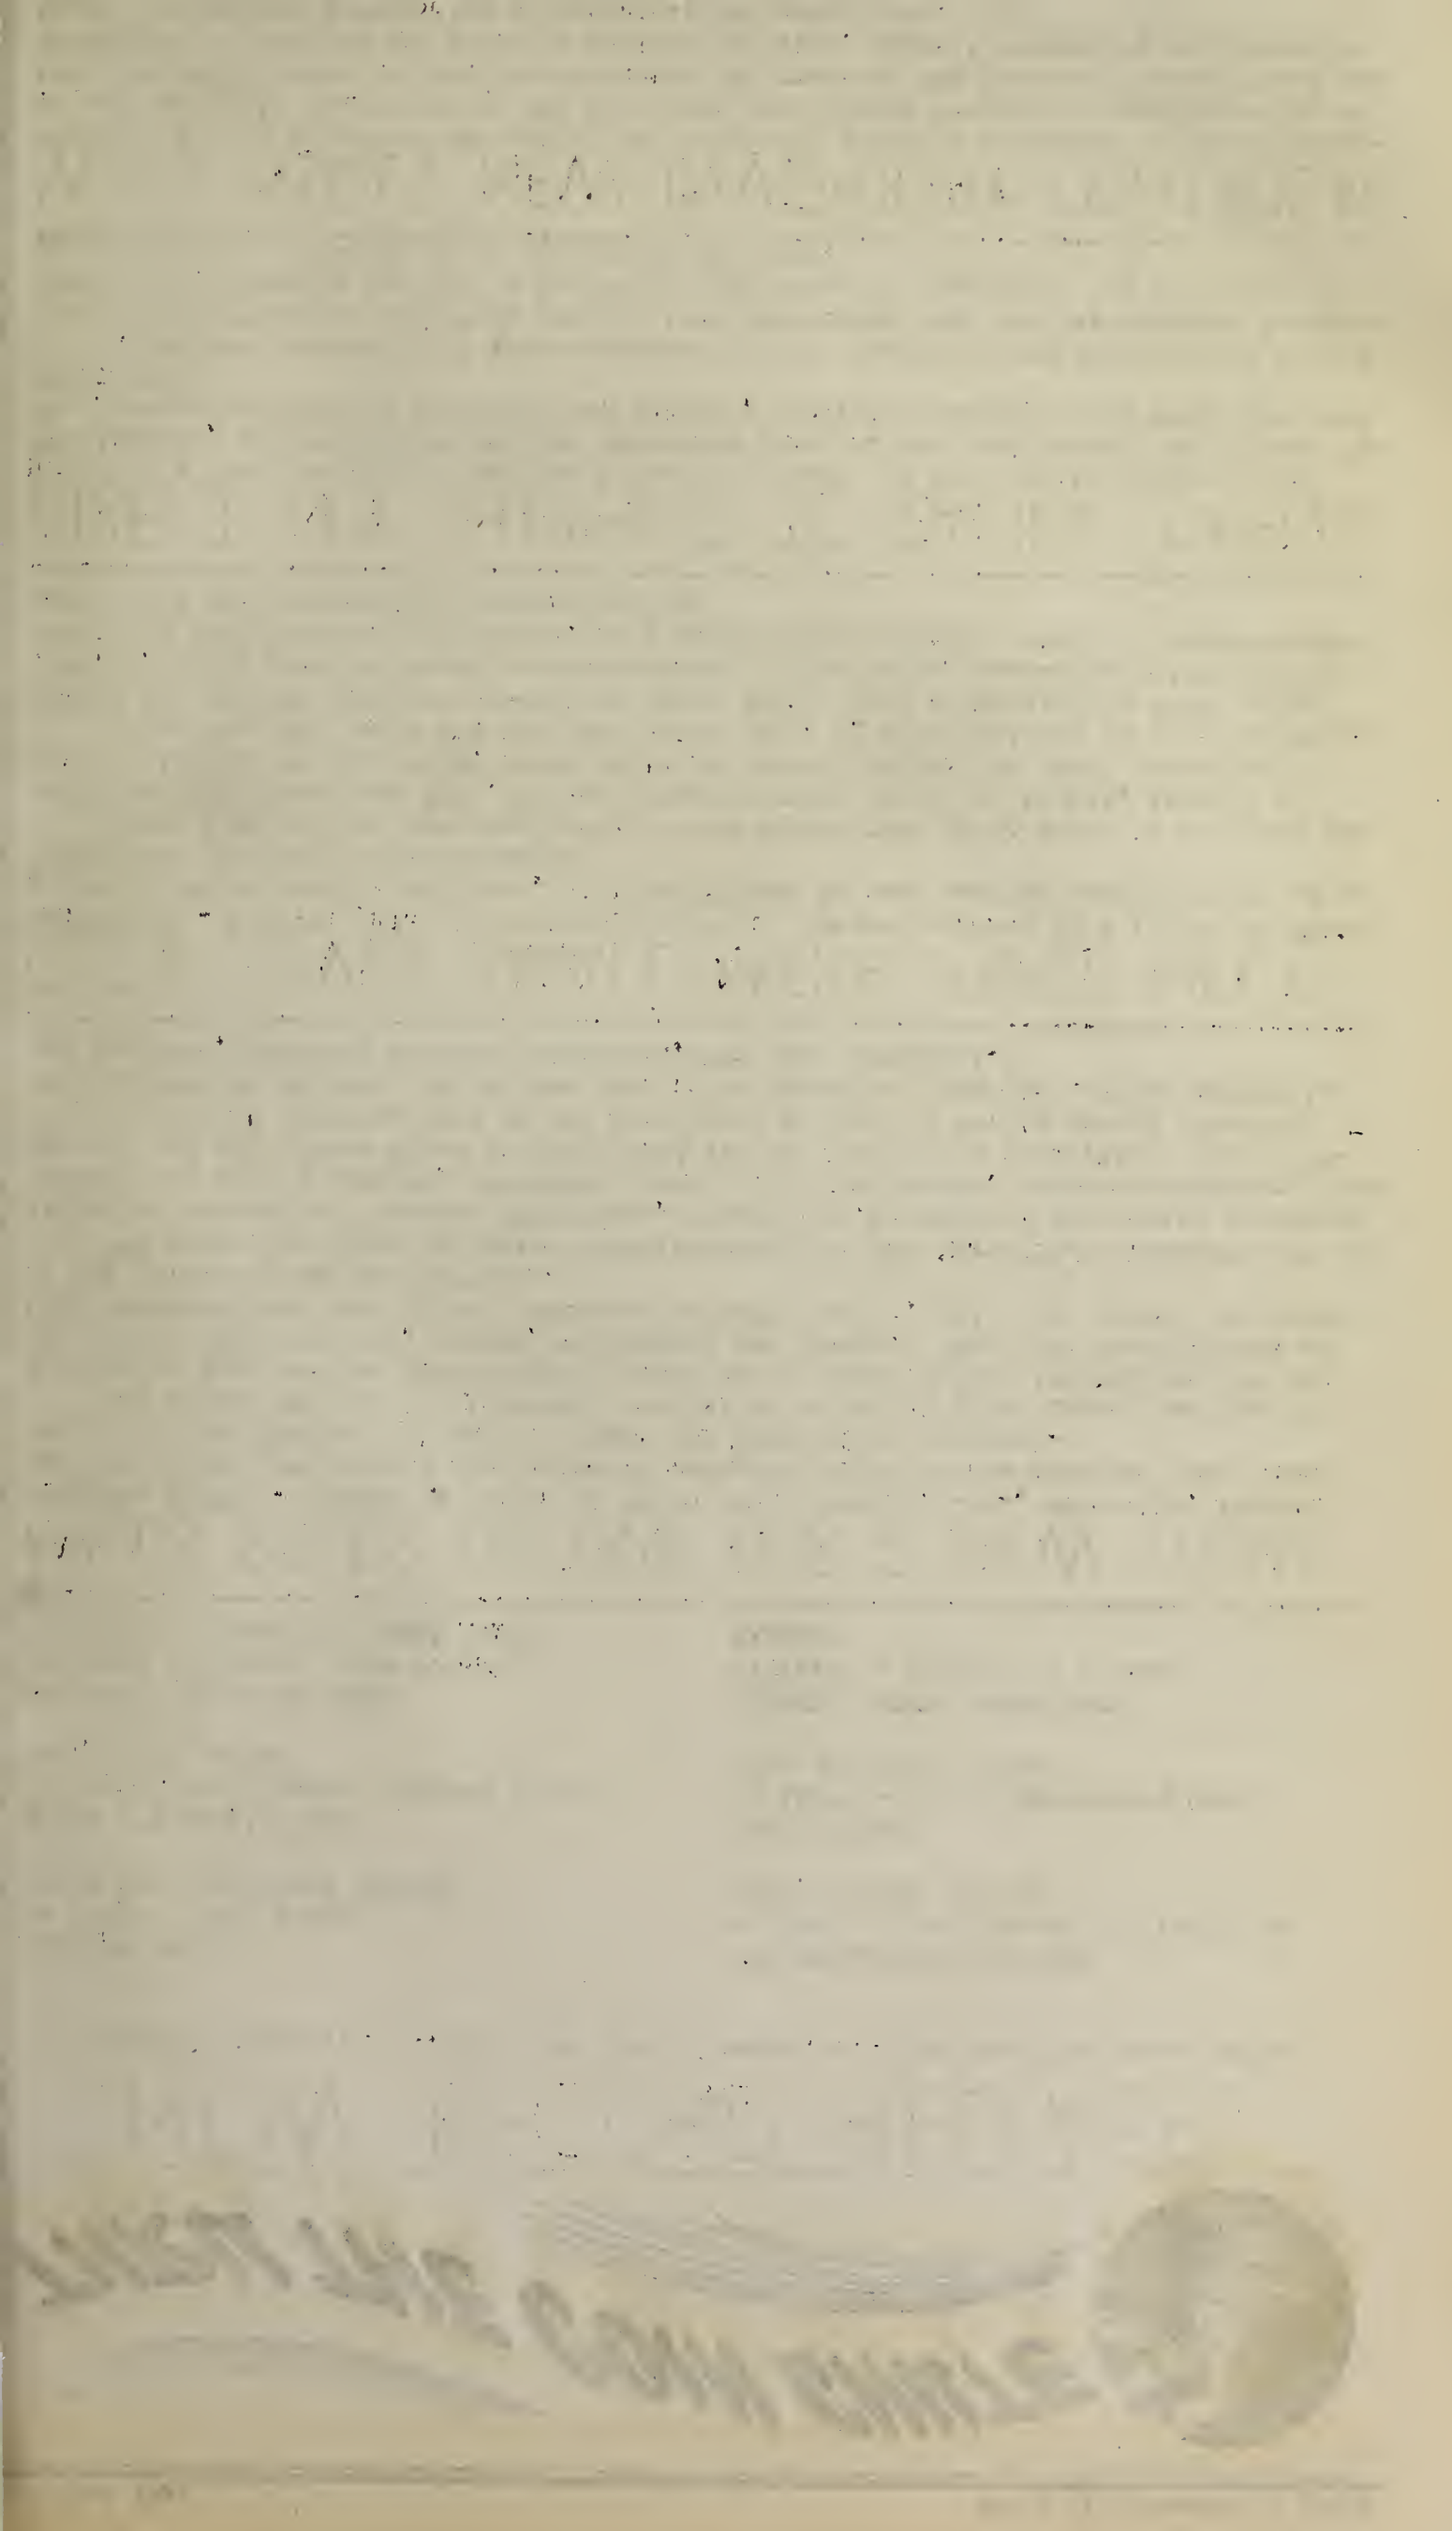
DIRECT N Y SHIPPING TO PACIFIC OPENS

NEW YORK - Direct shipping services between New York and the Hawaiian Islands, the Phillipines, Australia, New Zealand and other parts of the Pacific will be resumed via the Panama Canal during September and October, several steamship lines here have just disclosed.

A limited resumption of cargo movements in the coastwise and intercoastal trades also appears imminent following advices from Washington that the War Shipping Administration has formally applied to the Interstate Commerce Commission for authority to engage in these services up to the end of the year.

WPB ISSUES NEW INVENTORY CONTROL REC

WASHINGTON - As a part of its policy to retain all controls necessary to assist orderly and equitable reconversion, WPB this past week issued Priorities Regulation 32, a new inventory control regulation embodying all previous WPB inventory restrictions and designated to protect all business against hoarding, buyers' scrambles, and accumulation of excessive inventories of materials and components.



THRU THE COIN CHUTE

CONVENTION SPACE HARD TO FIND

CHICAGO - The CMI is reported to be finding it extremely difficult to get space for the forthcoming coin machine convention. Belief was that this meet would take place this coming January '46. Coinmen, as well as the manufacturers, seem to favor January as the month for the convention.

Reports here are to the effect that the Sherman Hotel, by moving its own offices, closed off much former display space, and room for the show is therefore not avilable. It is also reported that the Stevens Hotel is booked solid with conventions for the months of January and February of '46. Most other hotels are said to be too small to accomodate the number of coinmen and exhibits the convention usually has.

There has been a suggestion made that the Stadium or the Coliseum in this city be used for the show. This would allow coinmen to stop at whatever hotels they desired and come to the convention hall during exhibiting hours.

Another suggestion has been for the CMI to take three or four floors of rooms and suites at some prominent hotel and use these for individual display by removing most of the furniture. This is done by dress and shoe manufacturers. This would also keep the showing private and would allow coinmen to stop right in the same hotel.

The trade eagerly awaits the reports of the manufacturers after their meeting Sept. 6 in the Grey Room of the Hotel Sherman. It is understood that the convention will be the paramount issue discussed at this meeting.

VICTOR TO PRESENT UNBREAKABLE DISK

NEW YORK - The first non-breakable, high fidelity record for home use will appear on October 10, it was announced this past week by J. W. Murray, general manager of the RCA-Victor Record Division. Murray claims that this new record is the greatest improvement in home phono disks in 45 years, since records began to replace the early cylinders.

Tho this is of great interest to the juke box trade the Victor announcement is to the effect that the disk will be sold to homes only and will be called their Red Seal DeLuxe Record. It will retail at $2.00, instead of the former $1. which Red Seal sells for at this time.

The new record is a flexible disk made of a synthetic plastic material that greatly reduces surface sound, is easier to handle, and is more attractive to look at, too. It is ruby red in color and transparent. It can be hurled against the floor, hammered against the tables, etc., and won't break, according to Victor execs.

There is no doubt that as this new disk gets into full production it will also begin to appear in juke boxes. The trade has long sought for just such an unbreakable record. During the early days of the war, Libby-Owens-Ford announced they had developoped a glass record which was also unbreakable, eliminated all surface scratch and could never wear out. Tests made of this glass record by radio transcription proved it to be extremely satisfactory. The trade has since been waiting to hear more about this glass record and whether some of the leading record manufacturers were going to adopt it.

URGES DISTRIBS TO FORM ASSN.

TOLEDO, O. - Rose Knollmiller of Toledo Coin Machine Exchange, this city, writes, "I agree with Tony Mangano of Howard Sales Company, Omaha, Nebr. (Mangano's item appeared in the August 27 issue of The Cash Box) that manufacturers should not sell to clubs, bars, etc.

"In fact, all distributors and jobbers should have the same selling price. It would be a very good idea if the distributors would get some kind of an organization started and be on friendly terms, instead of trying to cut one another's throats. As far as I am concerned, 'Live and let live', is my motto. It's a very good plan and it works wonderfully well."

ARCADES EXPECT BIG LABOR DAY BIZ

NEW YORK - Eastern arcade owners believe that this Labor Day weekend will prove one of the biggest in their history. Coney Island's many arcades have had a very good season and believe that the Labor Day weekend will clinch '45 as one of the best in their history. In Atlantic City and at the Jersey shore generally, where most of the arcade owners expect to close after Labor Day, the general belief is that the weekend should prove the best yet. Mountain resort arcades are also looking for big business and believe that they will match anything that will be done at the shore this Labor Day.

THRU THE COIN CHUTE

CHICAGO CHATTER

Gerald Haley of Buckley Trading Post being sent condolences by friends. His mother passed away Friday, Aug. 24, following a lingering illness.....Pat Buckley away on a combined business and pleasure trip to Michigan and won't return until after Labor Day.....In town making the rounds, Harold Klein of Klein Novelty Co., Milwaukee.....While in Chicago, Woolf Solomon of Central Ohio Coin Machine Exch., Columbus, received long distance phone call that his father was suddenly taken very ill, and this was followed by another long distance phone call advising him that his father-in-law just passed away .....Gil Kitt of Empire Coin Machine Exchange celebrating his 5th anniversary in the coinbiz and offering bargains to visitors.....It's always a sure bet that when Al Sebring of Bell Products Co. takes time off his business to go out to the track that one of his brother's horses is running. And usually the horse is in the money. Just recently one finished in the first spot - and being a long long-shot - you can bet your boots Al was plenty happy.

Once again things are humming and buzzing out at Exhibit Supply Company with all decks being cleared to make way for those grand arcade machines this firm have been supplying the trade for so many years.....That Buckley phono is reported to be much, much more than hearsay - it's in the offing.....Jimmy (Globe) Johnson so busy with that batch of beautiful phonos he has on the floor that he just hasn't the time to talk anymore. "They go out", Jimmy claims, "as fast as they come in".....The sudden spurt of buyers to get more and still more of those Yankee Doodles has Ted Rubenstein running around like mad, trying to step up production at his Marvel Mfg. Co. plant..... Seen over at Bell Products this past week: D. Duck, Mick. Mouse, Squedunk, Ia., Dopey Dwarf, Snowhite, Ark., and several other dis(ney)ites.....All thoughts are being focused on the forthcoming convention with coinmen here doing a lot of speculating about what will be seen and who will show it. And if no hotel can accomodate this prospective huge spectacle - who knows but what it may have to be staged in the Stadium. And that's really stepping things up for the coinbiz.

Al Goldberg of Chicago Simplex Distributing Co. reported to have opened very outstanding offices in Milwaukee - in preparation for the post-war Wurlitzers.....Frank O'Brien of Dallas in town this past week trying to get some advance info....Bill (The Sphynx) Cohen of Silent Sales, Minneapolis, seems to have become a regular commuter to the Windy City. Seen all over town this past week.....Mr. and Mrs. Ed. Steele of Mechanics Service, Pittsburgh, in town and mixing business with pleasure. Everyone here was interested in having Eddie bring one of his horses to town, too....Full of pep and raring to go - Art Nyberg of Calvert Sales Co., Baltimore, Md., in town this past week and hotter than a pistol over that brand new Bally Phonograph he hopes to be showing the boys in his territory very soon.....Sam London of Milwaukee Coin Machine in town this past week and looking things over.....Jack Garliner of National Coin Machine Exch., Rochester, N.Y., also in town this past week and wanting to get set with all the lines he can handle.

Jesse Wellens of Hollywood, Fla., also in town this past week and seeing what he can see.....W. H. Richardson of Pioneer Distributing Co., Raleigh, N.C., also in town this past week to meet with the mfrs.....Meyer Marcus of The Markepp Co., Cleveland, hasn't missed a week of late being in the Windy City. "It's just a step or two from Cleveland to Chi", Meyer claims.....Julius (Papa) Pace and C. Marcelo of New Orleans come to town and Papa is reported to have polished up on his operatic vocals pretty good of late.....Herman Paster of Mayflower Novelty, St. Paul, Minn. seen around town and visiting here and there to see what's what.....Irv Sander the outstanding joke teller of the industry (Mayflower, Des Moines, Ia.) also in town this past week and keeping some of the boys who were with him in stitches. Have Irv tell you one or two the next time you meet him - in dialect.

"Big Chief" Harry Brown of American Amusement Co., reports that business is so speedy these days that his boys are traveling faster than ever. Right now Tom Ceruy and George O'Keefe are traveling thruout Kentucky and Pennsylvania for the firm. B. C. Beyer is out on the West Coast and sending in plenty of orders. Jackie Rosenfeld is touring his Missouri state and Harry claims he is the champ when it comes to getting business.....The C.M.I. Ass'n. are holding their first meeting since resuming their activities Thursday, Sept. 6 at 7:30 PM in the Grey Room of the Sherman Hotel. At this meet members will discuss many important matters with the paramount issue being - the coming convention. This meeting will be for regular members only, not for associate members. Dave Gottlieb, president of CMI, is asking all new manufacturers who may have entered into the field since the CMI was founded to join the organization. Dave suggests that they write to him direct for a membership application. This also applies to all allied firms who can join as associate members.

THRU THE COIN CHUTE

MORE CHICAGO CHATTER

The All Star Football game here brought a great many coinmen to town. Some came with their families, employees and friends. Not only was the game itself a great attraction but the coinmen were able to combine business with pleasure and were seen visiting around the factories and distributors' offices in town.....Carl Trippe of Ideal Novelty Co., St. Louis, Mo. came to see the game and brought his family along with him. Carl's looking swell and is eager to see the new machines get started once a again.....Bill Hirschberg of St. Louis also in town for the game and looking around to see what's what.....Bill Jensen of Jensen Automatic Music Co., Princeton, Ill., came to town and brought all his employees along to see this great football contest between the pros and the college all-stars.....Leon Groves of Casapolis, Mich. also in town to see the game and do some buying.

Wolf Sadikoff of Chattanooga, Tenn., in town and looking things over. Wolf has been visiting around with the various manufacturers.....Harold Brown of Matoon, Ill. in town to see what's what.....Don Shehan of Marengo, Ill. also came to town to see the football game.... A. Underhead of Gary, Ind. in town and looking around to see whether there will be some new equipment for him soon.....Morris Sax (Gam Sales) Peoria, Ill. also in town for the game and naturally visiting over at Superior..... Ed Rakovitz of E & R, Grand Rapids, Mich. also in town and taking his time about seeing what's what.....J. W. Wagner of Des Moines, Ia. one of the best ops in that state, according to reports, is also here for this big football contest....George Shaheen of Globe Distributing Co., Springfield, Ill. also in town and waiting for the game to start.....Jack Mitnick of New York seen in town talking with some of the leading manufacturers here. Jack is reported to be getting all set to do some phono distributing in the East.....Lots of rumors rampant with one claiming that post-war pin games will be priced at $225.00 each, which is about one-third more than pre-war, but as yet this is only rumor for few of the manufacturers here as yet know what their costs are going to be and aren't pricing anything until all production and merchandising costs are co completely ascertained. This rumor is reported to have raised the ire of many here for it was broadcast openly to all. In fact, to many who should never havo seen it.

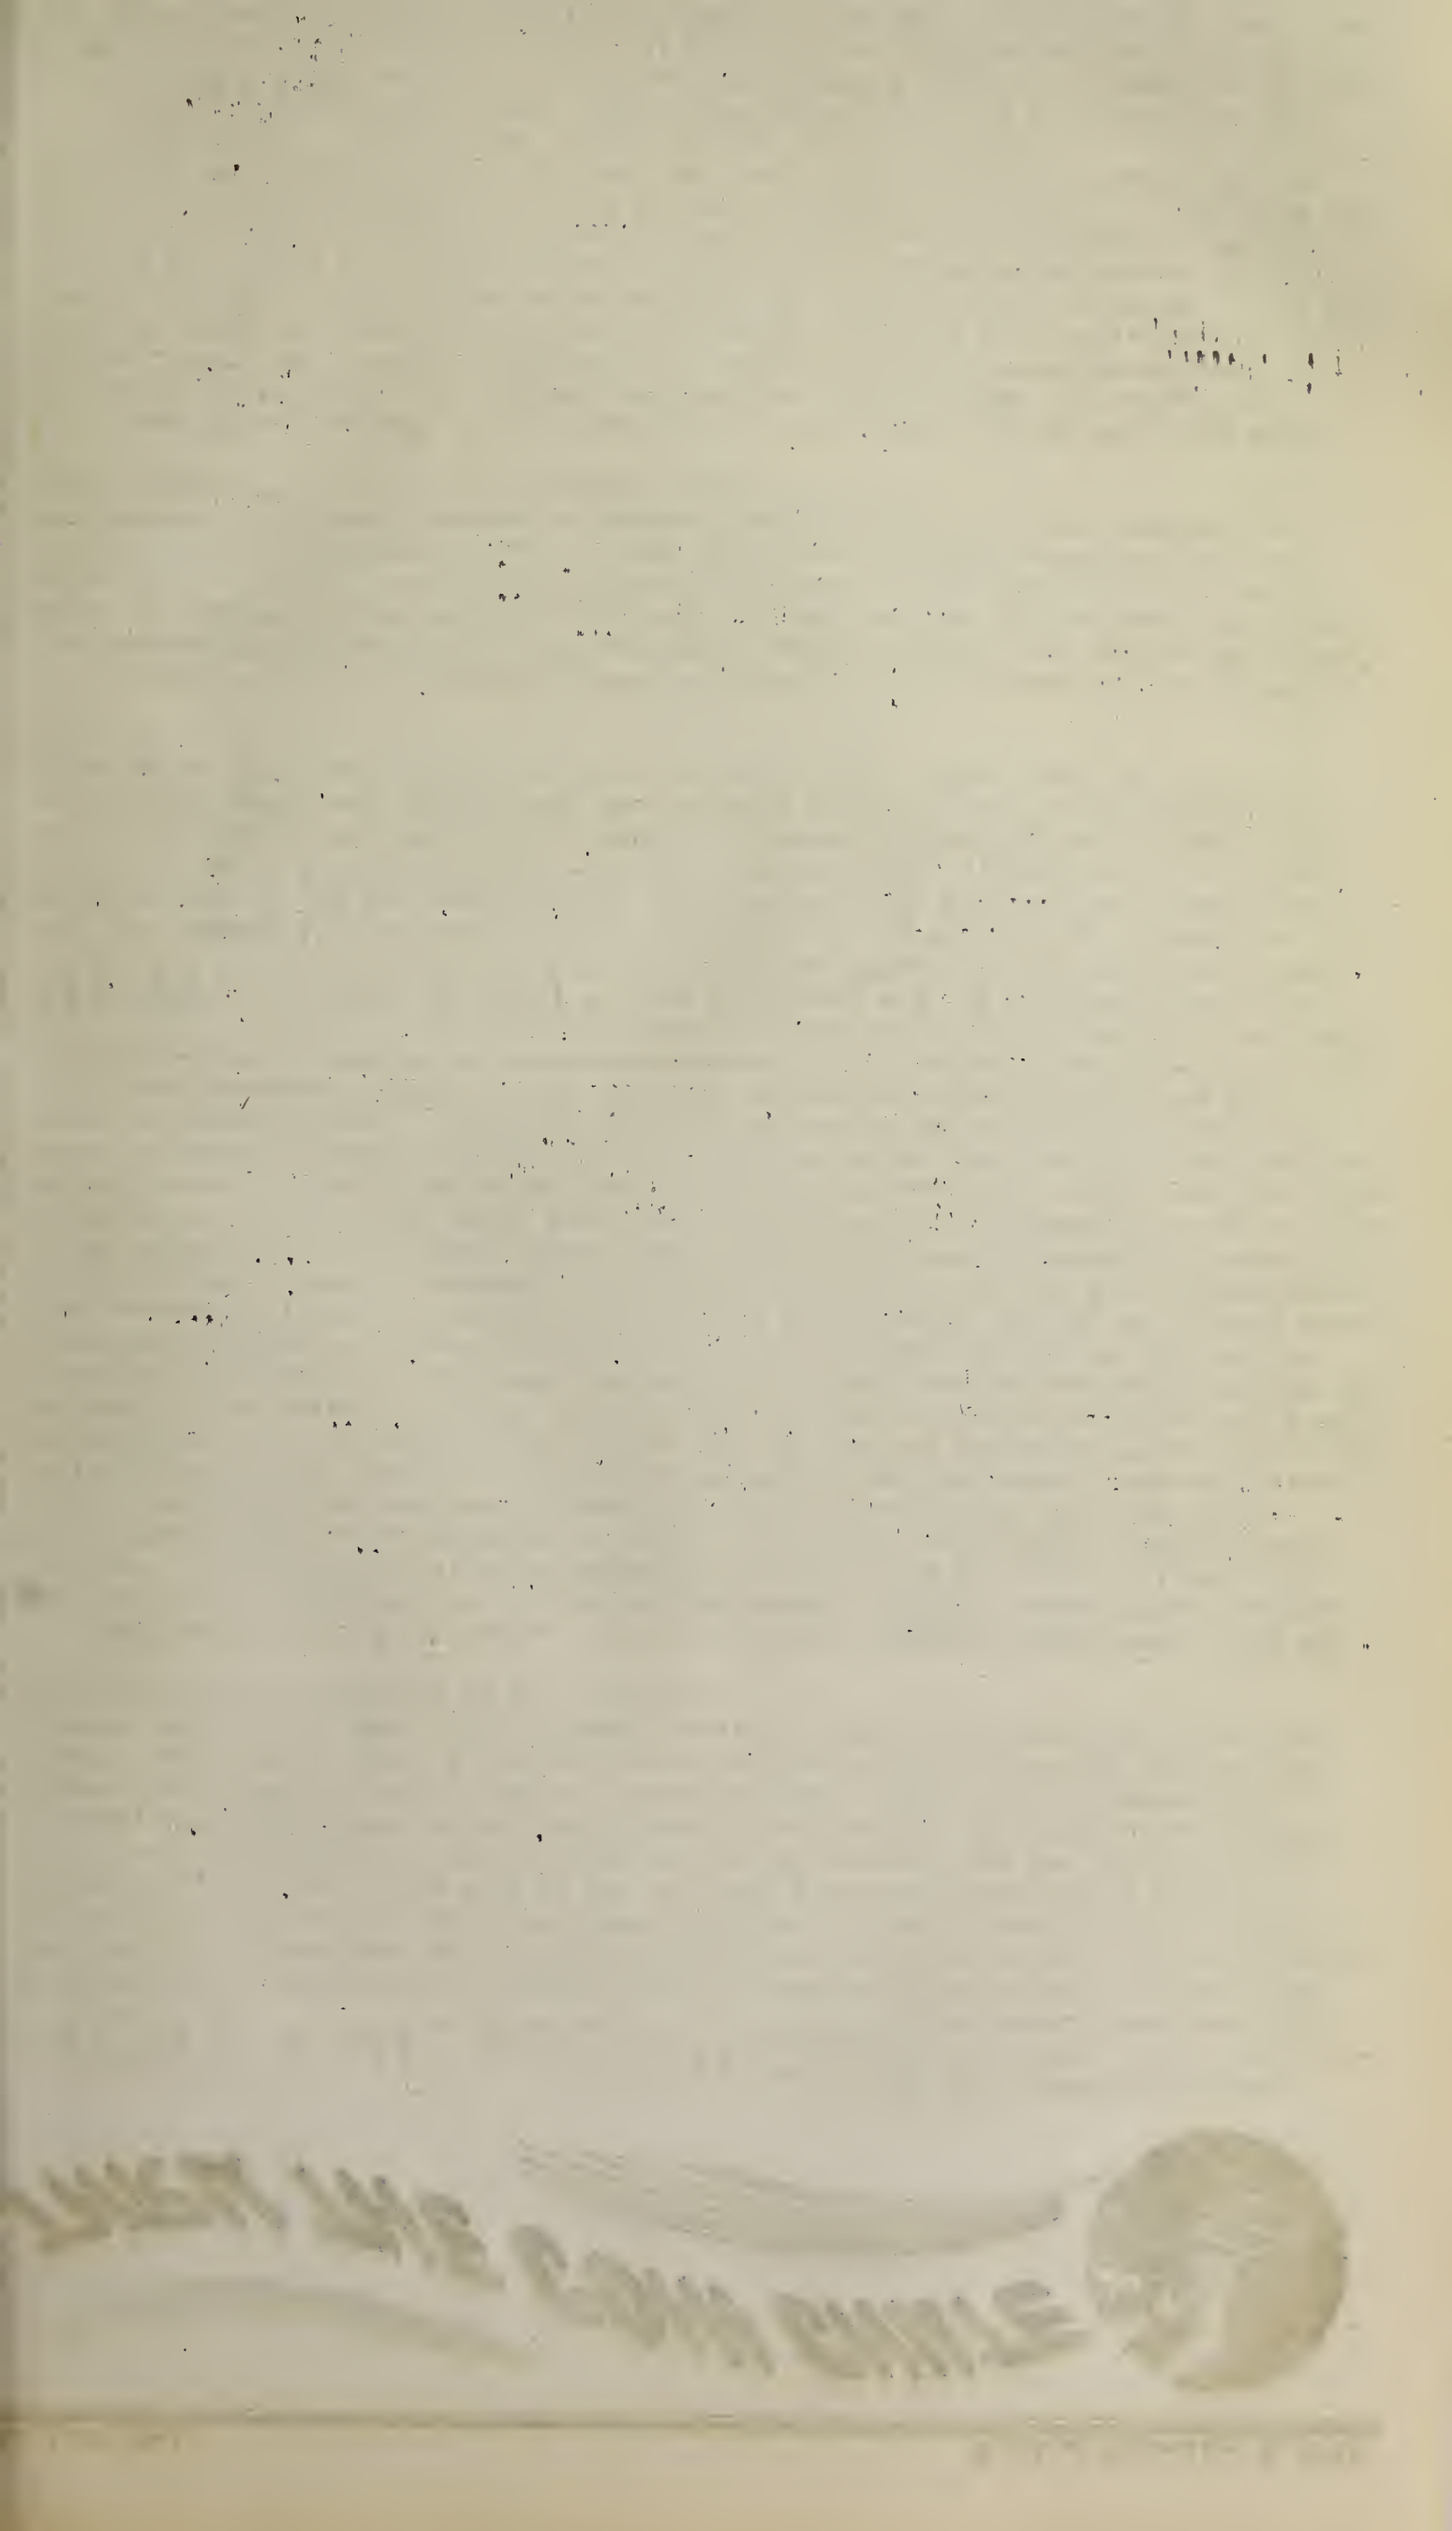
NEW ORLEANS

Fletcher Blalock (F.A.B. Distributing Company) now in Atlanta and Joe Villars of the firm's New Orleans offices keeping the wires hotter than hot talking it over almost every few minutes of the day. Or so it seems..... E. L. Osborne of Bay St. Louis, Miss., and local op A. H. Peeples, have just merged and bought part of olie Shirley's route in Gulfport, Miss.....Swimming and fishing are really fine in Bay St. Louis, according to George Satterlee, who is vacationing on the gulf coast, and judging from the postcard he sent us is having one heck of a grand time. He's now planning to go on to Mobile, Ala. (Some guys get all the breaks.)

"Smiley" and Mrs. DeBruyne in town from Mobile, Ala. It must be much hotter in the Crescent City than we think because Smiley says, "I think I go back to Minnesoti", which is "Smiley's" home state.....Henry B. Fox back in town talking about the route he bought in Belzoni, Miss., from "Buster" Williams.....Tony Mele claims he has "too many vacations" in Hammond, La. But from the way he's buying machines - he's not much worried about the increase in business (Could this be the same Tony who once said he wouldn't take any more locations after 25?????)

Henry Mayer, manager of the record dept. at Electrical Supply will soon return to his former position of city salesman and Charles Loeb will take over management. By the way, Henry can't stop raving about that mineral water he drank in Allison, Texas, where he spent his vacation. Claims it's good for whatever ails you.....J. H. Peres planning a trip. (Is it going to be business or social, J.H.?).....Julius (Papa) Pace went up to Chicago to see what's doing in the Windy City as far as new equipment is concerned.....Louis Boasberg running off some bargains.....Joe Villars entertaining the H. A. Mobleys, former ops.....Bob McCormick longdistance phoning to Don Bruce of the Decca San Antonio office. Don was just honorably discharged by Uncle Sam with points to spare. He spent over 2 years in the European war area.

Slot men here somewhat upset over the newspaper publicity given the fact that there are over 5,280 slots in Louisiana. State somewhat upset that Nevada, where gambling is legal has only 1,020 slots. J. O. Fernandez, Internal Revenue collector for New Orleans reported, "Yes, we collected $628,000 for slot machines in the state. This is part of the $1,107,189 taken in on coin operated devices."



THRU THE COIN CHUTE

EASTERN FLASHES

Most of the city's coinmen heading for the resort spots to spend the holiday weekend. When they return after Labor Day they all expect to be doing big things.....Finishing up a four day stay in the city, Rudy Greenbaum, Fred Mann, Ben Palastrant, Bill Roberts, Murry Dutkin and Roy Culp head back to the middle west....Johnny Helfer, who's been taking it easy for the past year or so, looking forward to running a diversified operation in the near future.

Humbert Betti of Union City, N.J. visits coinrow. Betti's oldest son, just returned from Italy, expects to be discharged in about a month, having more than the required 85 points. Betti's three other boys are now scattered around - 2 still in Germany, and another in the Pacific.....Mike Munves gave a party for his two pals, Phil Gould and Charley Wertheimer of Boston. Ed Ravreby sorely disappointed that he couldn't be present.....Harry Hoffman, The General Vending Service Co., Baltimore, Md. couldn't bear the thought of Irv Blumenfeld (one of the three generals) being alone in the big city, so he came up to keep him company.

Barney (Shugy) Sugerman and Bernie Goodman head for the Catskill Mountains for the holidays and take their families with them.....Bill Alberg, Charley Aronson, Eddie Ellis and Eddie Smith discussing the value of educating the general public to the appreciation of all types of music.....Irv Morris, Active Amusement Machines Co., Phila. comes to town to be with Joe Ash, but arrives too late to hear the Russian musical concert Joe attended.....Pvt. Dave Lowy arrives from the South on Friday (Aug. 31) to spend a 10 day furlough.

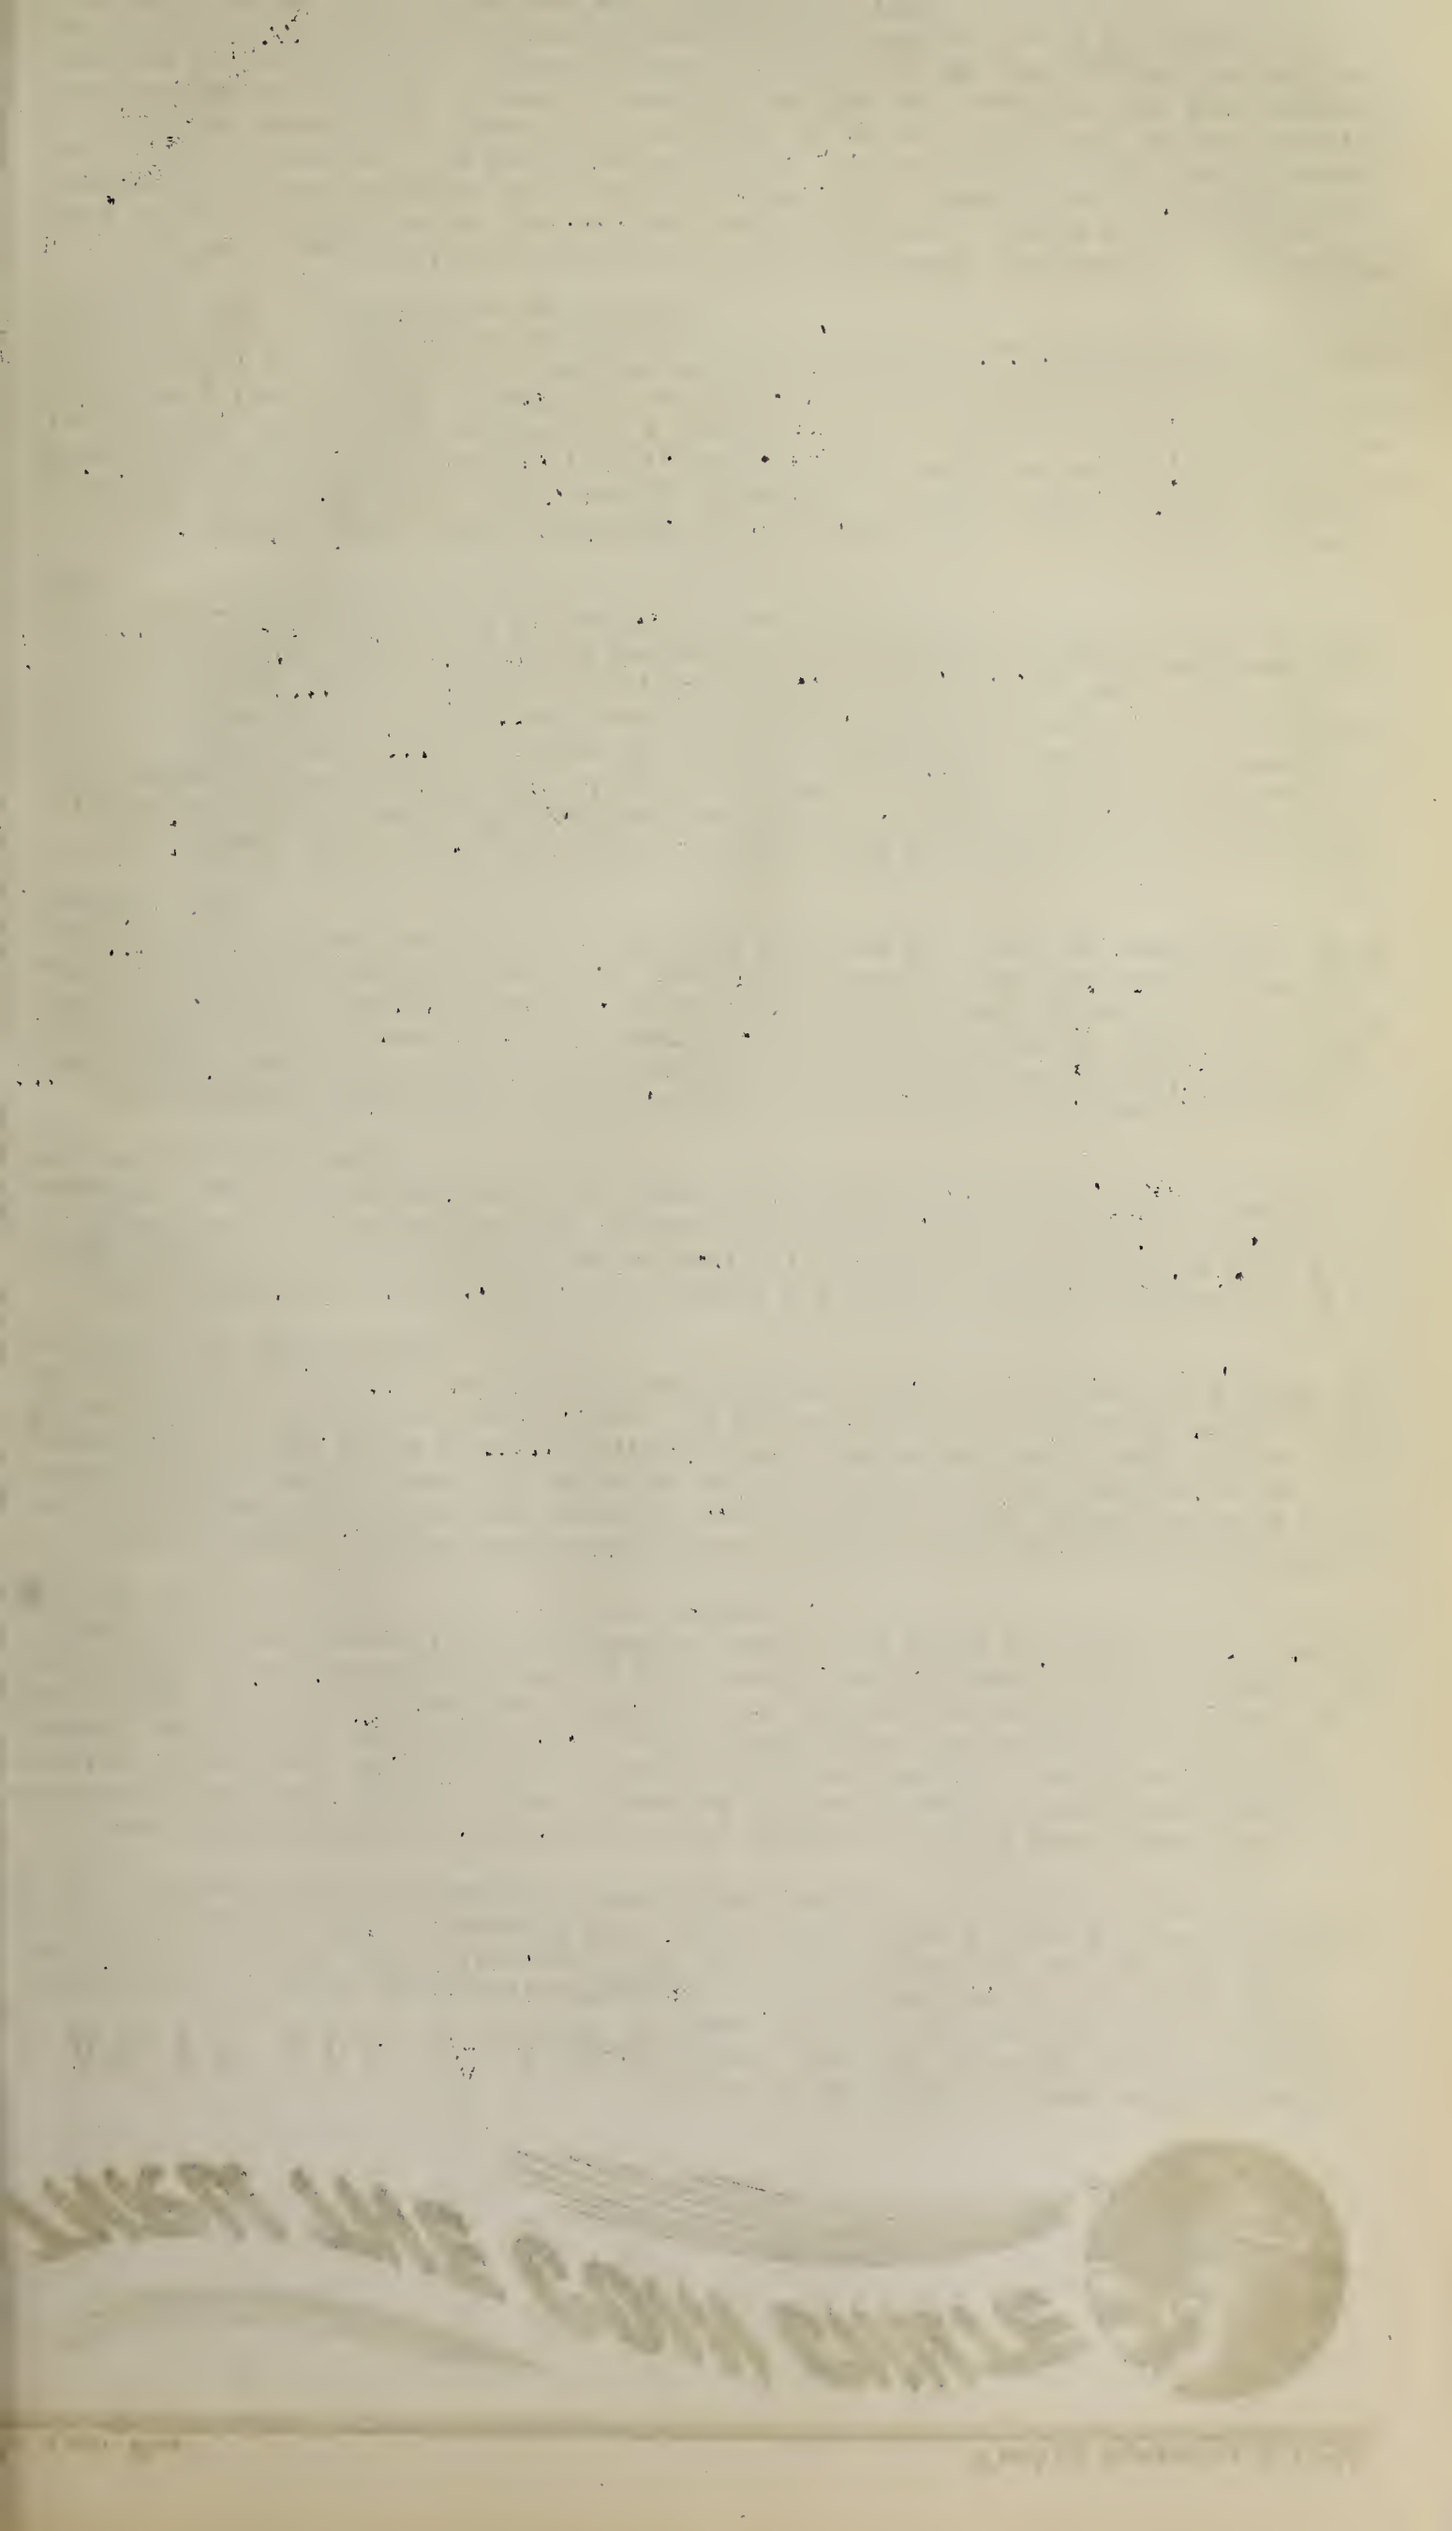
Jack Fitzgibbons, Jafco, Inc., tells about a letter he received from Jack, Jr. a naval officer in the Pacific. It seems Jack, Jr.'s birthday was to fall on Aug. 15, and he was wondering if he would be spending it under gun fire. However, the Jap surrender came along on that day, and Jack and his ship tied up at a port. Did the boys really go to town?

Sam Mannarino, Coin Machine Distributors, Pittsburgh, Pa. visiting in the big town.....Nat Cohn, Modern Music Sales Co. finally breaks away for a week's vacation.. Charlie Katz and Leon Berman, Metro Distributing Co. away from their office for over a week. Something cooking?.....Dave Stern, Royal Distributors, Elizabeth, N.J. practically commuting to New York City every day. Harry Pearl of the same company away on vacation.....Lou Rosenberg visits his brother Hymie to look over the new offices of H. Rosenberg Co.

Irv Sommer, Miami Beach, Fla. flies into the city for a day, and then flies back .....Max Levine, Scientific Machine Corp. still busy with war contracts, but tells us he's making long range plans for his return to the coin biz.....Harry Wasserman recovering from a foot injury.....When it comes to classy ties, just ask Al (Senator) Bodkin to show you his collection.....Sam Kressberg, Seeburg district manager expected in the city this week.....Herman Perin, Runyon Sales Co., Newark, N.J. doesn't let rumors, excitable talk, or the heat bother him - he just keeps banging away, and doing business.....Sam Weinstein of Mutual Music Co., Phila. comes into the city for a few days.

Bill Rabkin, International Mutoscope Corp., returns from a short vacation, and sits down with Al Blendow, sales manager, planning big things for the future....Ed & Al Ravreby, Associated Amusements, Inc., Boston, Mass. employing mostly ex-service men ....Eliot Berkwith of MAC in town for a couple of days conference with Ted Mair..... Lou Hinden, Free State Distributing Co., Baltimore, Md. in town the past week, ostensibly to relax, but gets himself involved with business day and night.....Lee Rubinow, Seeburg's Florida distributor, phones in from Miami Beach, and Willie Blatt and Morris Hankin use the opportunity to say "hello".

The Music Operators' Assn. of New York City completing its plans for its big banquet to be held Octoer 20 at the Waldorf....Al Schlesinger, Square Amusement Co., Poughkeepsie, vacationing in the Adirondack Mountains.....Music ops getting more and more anxious about the very bad record situation here.....Jack Mitnick just returned from Chicago where he is reported to have seen and heard a lot about the new music.... Harry Steinberg of Newark expects to see his brother Dick back from the Army very soon Dick was always one of the leading coinmen in New Jersey and is eager to get back to the coinbiz once again.....Willie Hilberg of Modern Vending Co. of New Jersey is getting ready to make a very important announcement soon.



THRU THE COIN CHUTE

TWIN CITIES

Just heard that Elsie Madsan, former owner of Porter & Madsan, Superior, Wis., is now visiting at New London, Conn. Elsie has been seeing quite a bit of the country ever since going out of business.....John Porter formerly of Superior, Wis. is back there again until he gets located. John just sold out his route in Woodward, Okla.....Earl Berkovitch, former partner of Leo Barkovech, anticipates returning to the coinbiz. Earl was seen over at Hy-G Amusement making post-war plans with Seeburgs in mind. His partner is still in the Army and overseas but is expected to get his discharge anytime now. The irony of it all is that they sold their route with both boys expecting to get into the Army but Earl was rejected.

Vince Dougherty, Carpenter's Mate 3/c is back home after spending 3 years in the Pacific. Vince sold all of his equipment before going into the Seebees but expects to get back in full blast when he gets his discharge, which should be almost any minute now. Vince has been in the very thick of it and says he's happy as can be to be back home again.....Lou Nordeen of St. Paul tells me that his oldest son, Lou, Jr., formerly a captain of a PT boat in the South Pacific for 3 years, is now at Pearl Harbor and expects a furlough after 2 and a half years of plenty tough going. Lou's younger brother, John, is now on the West Coast expecting to be shipped out any day.

Dick Kabot of Dakota, Minn. is now taking a hand at farming. Dick bought several acres of raspberry patches and finds the diversion to his liking. Here's hoping that he knows what raspberry picking and growing is all about.....Some coinmen seen around town this past week: A. Solberg of Houston, Minn.; Jules Dirck of Marshall, Minn.; Lou Granite of Chippewa Falls, Wis.; Mr. and Mrs. C.T.Treveer of Winona, Minn.; Phil Smith of Fargo, N.D.; Allen Kirt of Deer River, Minn.; Art Berg of Fairmont, Minn. and Gil Smith of Fargo, N.D.

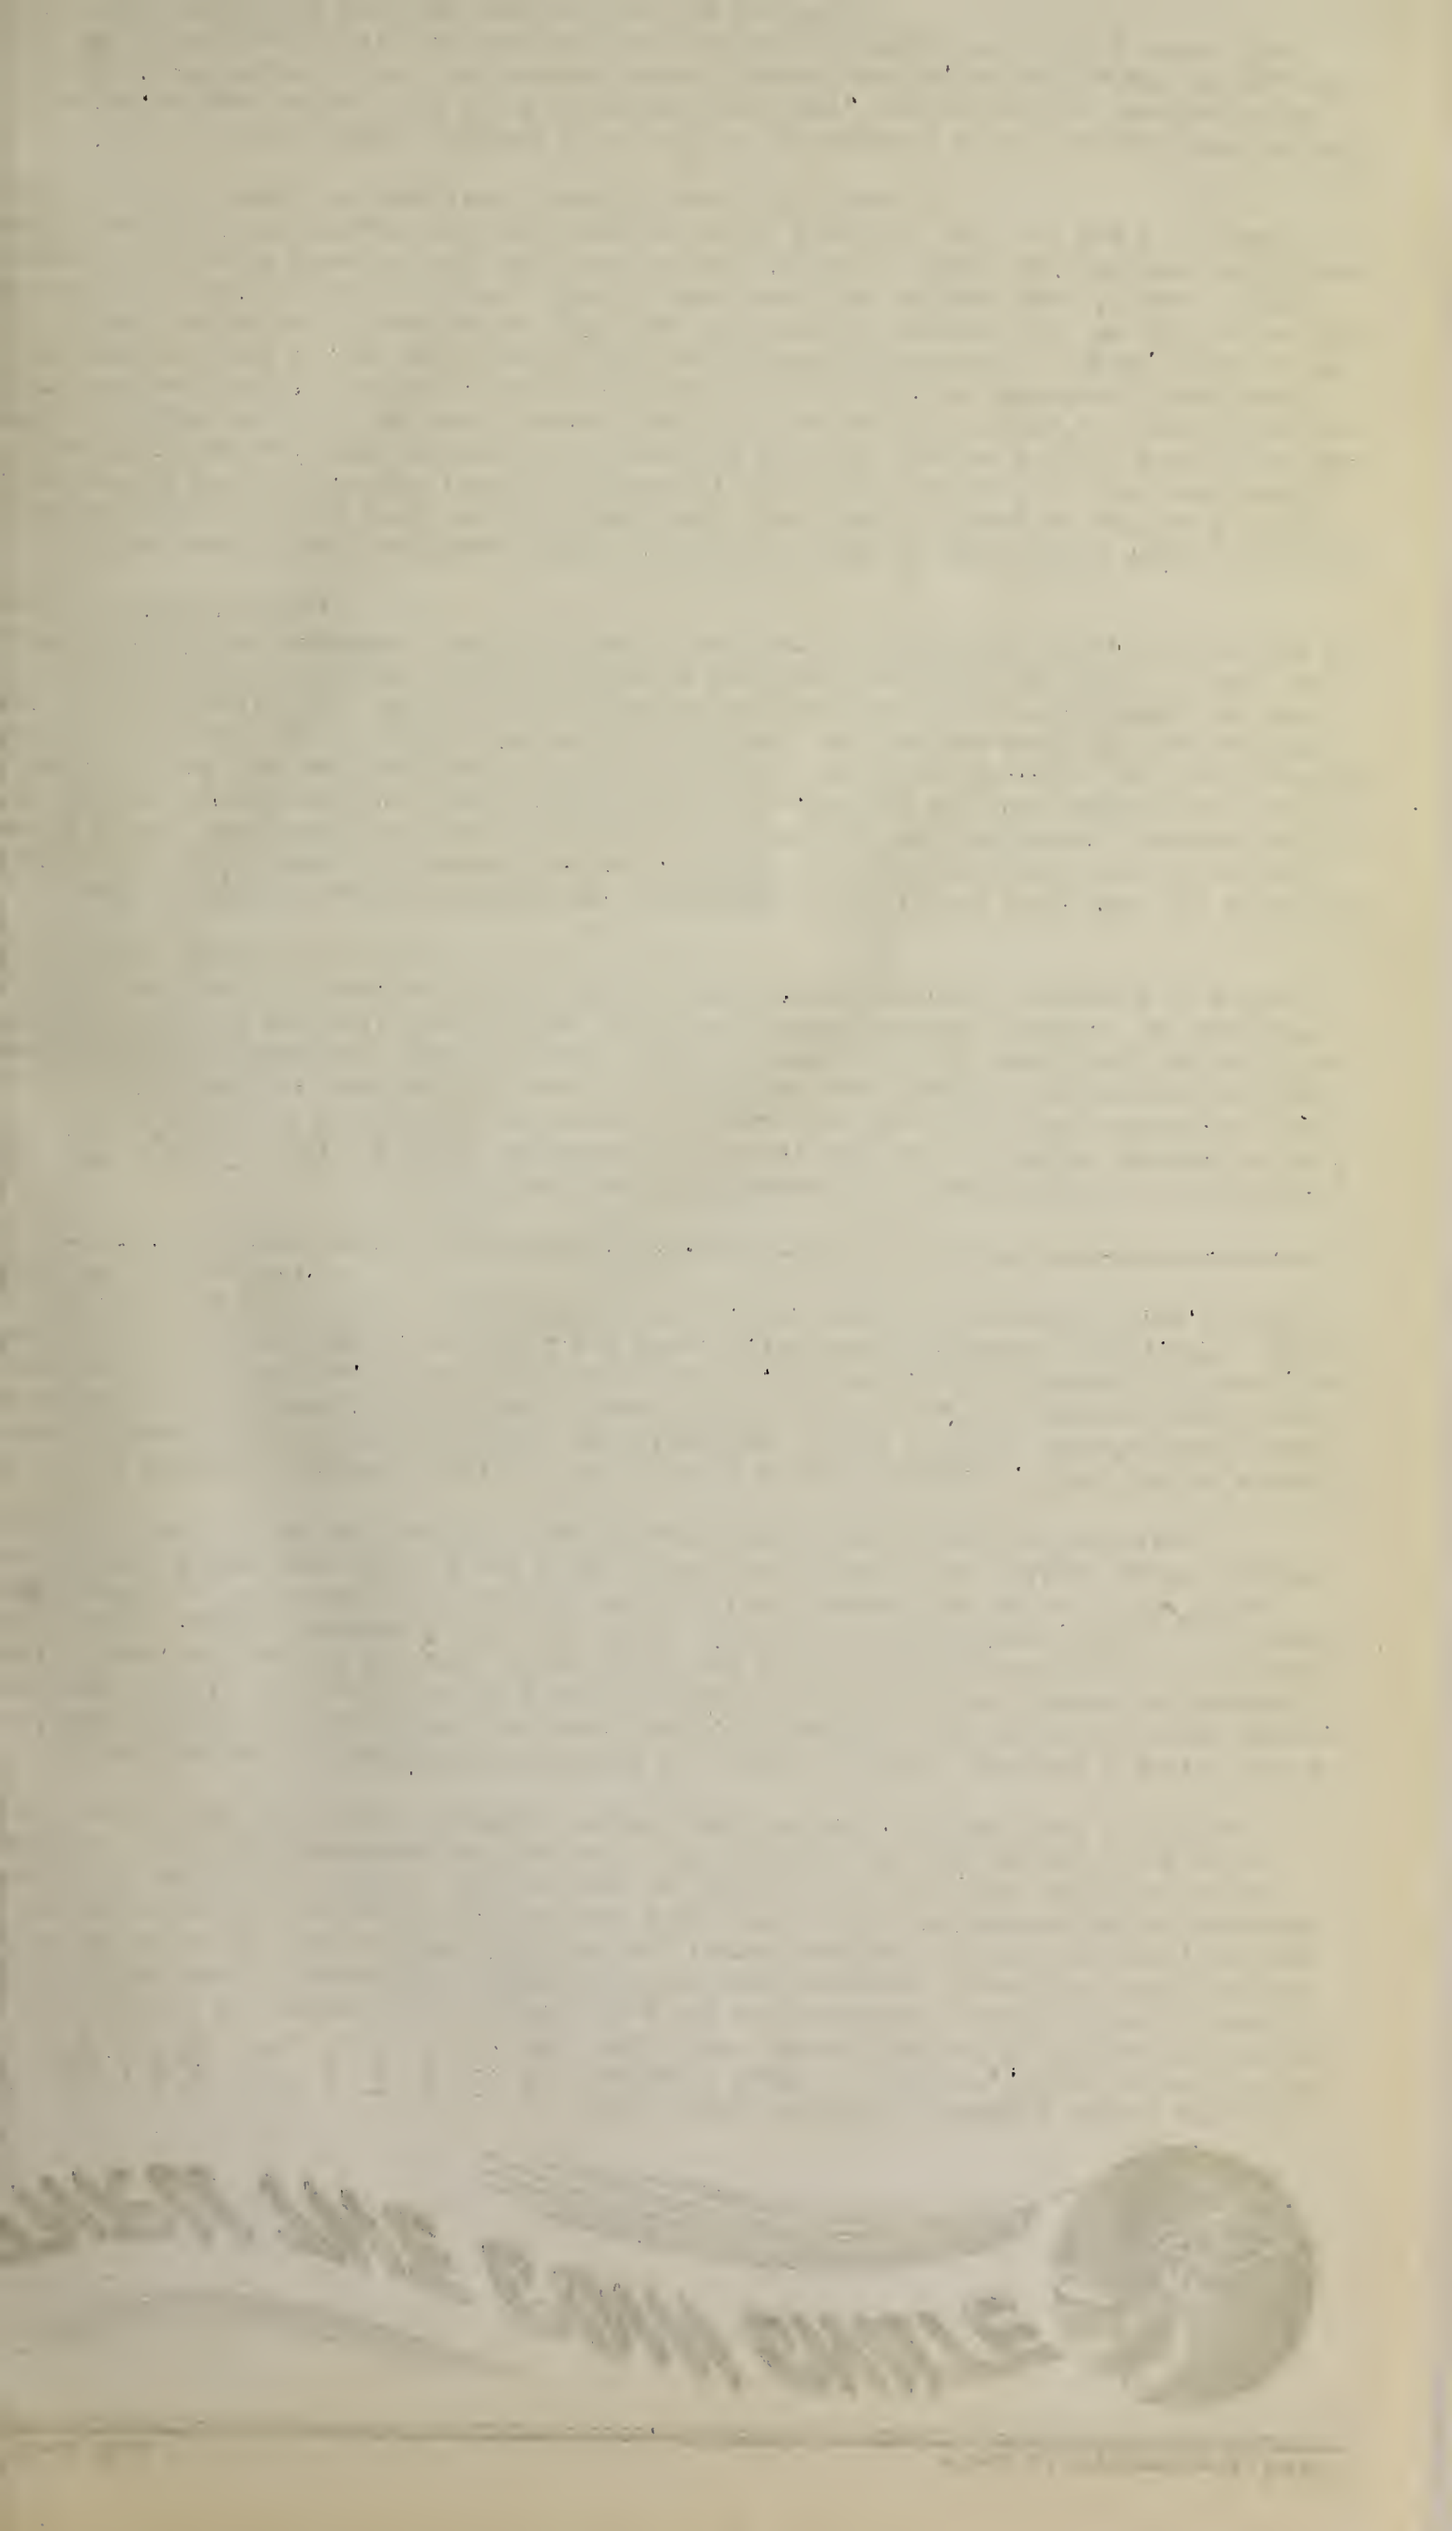
TORONTO

Large group of coinmen and some bankers are getting together here to arrange for a finance company for all Canadian coinmen. The plan is to give Canada's coin machine industry the same sort of service which American coinmen are now getting from noted finance companies. This finance firm will devote itself completely to the coin machine business and will finance the purchase of machines and routes. The men here believe that such a firm can help to build Canada's coin machine business to a much larger size than it now is.

Another thing Canadian coinmen are very happy about is the fact that the price of equipment hasn't changed 1¢ since V-J Day. It was believed by many that all prices would take a bad tumble the moment the war with the Japs was finished. Instead prices are holding up and men here feel good about it.....Some of the boys here would like to know all about the new equipment that is coming out when the factories get into production once again, and even more interesting to them, is just how much the new machines are going to sell for. After much discussion pro and con, one noted coinman in this city suggested to the boys that they visit a tea cup reader and she might be able to give them all the answers. The boys did go out for a drink after that, but you can be sure it wasn't - tea.

After hearing how conditions are with the music men in the United States, Canada's coinmen thank goodness over the fact that they have been so lucky to get the records they needed during this war period. Columbia, Victor and Decca have been very swell to the juke box men here and have even gone out of their way many times during the war years to give the boys the new records first. It seems that Canada's record distributors are more eager to sell to juke box operators than are the American distributors. Furthermore, some of the American records we purchased from time to time, never stood up as well as our own Canadian records from the same manufacturers. We don't know the reason for this, but it's a fact. What's more Canadian coinmen haven't been paying anymore for their records than they paid before the war. Also, we find that the average Canadian coinman knows the difficulties which American juke box ops have had to go thru to get records and completely sympathizes with them.

All discussions among coinmen here, and it is reported to be the same thruout the Dominion, always swings over to when, where, how, why, what about the new machines. Canadians are eager to see the post-war model phonos, slots, consoles, pin games, and all other coin machines. And everyone here looks forward to the coming convention which they hope will be held even sooner than in 1946.



DISC-HITS BOX SCORE

In Order of Popularity based on Weekly National Survey Compiled by

JACK "ONE-SPOT" TUNNIS

Box Score tabulation compiled on the average **individual purchase** on the basis of 1000 records — listed in order of popularity, including name of song, record number, artists, and recording on reverse side. Code: (CA) Capitol; (DE) Decca; (HI) Hit; (VI) Victor; (CO) Columbia; (BB) Bluebird.

C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. *Copyrighted 1945 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.*

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.

2. MEANS PRICE WENT DOWN.

3. MEANS MACHINE JUST ADDED TO LIST.

4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK

5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.

6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS

7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS

XX — MEANS NO PRICES QUOTED FOR MANY WEEKS—PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT

Machines underlined mean these were most active in trading the past week.

CLOSING DATE.....SEPT. 20TH.

ADVERTISING SECTION

The Cash Box is confidentially published each week exclusively for, and in the sole interest of, the coin operated machines industry. Its subscribers are actively engaged in operating, jobbing, distributing or manufacturing coin operated equipment, supplies, parts or materials allied to the coin machines industry. All ads, unless otherwise designated, are offering equipment for sale. These ads are carefully checked. No "blind" or "box number" ads accepted. Closing date at the Publication Offices of The Cash Box — 381 Fourth Avenue, New York 16, N. Y. — Friday of each week at 5 P.M. Issued by First Class Mail and Air Mail, appearing thruout the trade beginning the following Monday morning.

Look To The GENERAL *For* LEADERSHIP

GOING INTO HIGH GEAR

As the war clouds roll away, the coin machine industry will begin to emerge and display the skill and ingenuity of the men who have been planning the equipment that will do a greater selling job than ever before. We've talked to these men, had frequent discussions about the new ideas on which they were at work. And now, as the wheels of the industry begin to turn again, the GENERAL will be out in front, offering every operator all that he's been waiting for!

Write us today and get on the mailing list that will bring you the GENERAL'S peace-time communiques.

"DURA-HEAT" ELECTRIC SOLDERING IRONS

(APPROVED BY UNDERWRITERS LABORATORIES)

WHY DURA-HEAT IS A BETTER IRON. DURA-HEAT ELECTRIC SOLDERING IRONS were designed and are built to the most exacting standards of defense and airplane plants to meet War production on a 24 hour basis. Light in weight yet sturdy in construction and streamlined for beauty. Faster heating than most irons saving operators time. Made foolproof in construction, every standard DURA-HEAT IRON is guaranteed to give service.

MUSIC OPERATORS

IT'S A FACT

The rumors of a new dynamic automatic phonograph are not exaggerated. . . . .

It will embody all those features, which combined, denote continued and increased earning power for you. . . .

WAIT UNTIL YOU SEE IT

This more ultra-modern machine will unfold opportunities of a life-time. . . .

IT IS WORTH WAITING FOR

KEEP YOUR ATTENTION FOCUSED
ON THIS PAGE

Bally

IS IN THE FIGHT TO THE FINISH!

The Bally Organization is working day and night, 'round the clock, producing vital war matériel for our fighters. And Bally will continue to be in the "thick" of it until final victory is won, and attention can be again directed to peacetime pursuits and the manufacture of famous Bally games and venders.
